

BUYS BIG TRACT ACROSS CITY LINE TO PLAT AND SELL

Louis Mosenfelder Secures 60-acre
Maak Property on Thirtieth
Street for \$40,000.

IS BEYOND EIGHTEENTH AVENUE

Important Incident in Development of
Territory to the South—Shows
Larger Values.

One of the largest deals in land in recent years was consummated this morning in the purchase by Louis Mosenfelder of the 60-acre farm of Peter Maak on Thirtieth street road just south of Eighteenth avenue. The amount named was approximately \$40,000. The tract adjoins the addition owned by Thomas Campbell and is one of the most beautiful and conveniently located tracts at the edge of the city and yet undeveloped. Growth of the municipality on two sides and prospects of early annexation made it too valuable to be longer held for farmed purposes.

The purchase of this land by Mr. Mosenfelder is certain to insure the development of Thirtieth street, as the tract will be immediately subdivided into acre lots and offered for sale. In the past Mr. Mosenfelder has been identified with this work a number of years, laying out and plating numerous subdivisions in various parts of the city, handling perhaps more projects of this nature than any other one agency in Rock Island.

Among the most important subdivisions developed under his direction might be named the Black Hawk additions on Ninth and Twelfth avenues and Twelfth and Seventeenth streets, the Thirtieth street additions, the Eleventh street addition and Long View Heights addition, all of which have been well improved. Mr. Mosenfelder's purchase and plating of the Rodman Heights addition, adjacent to Sears, was one of the principal agencies that led to the annexation of Sears to this city.

In the last purchase on Thirtieth street it is safe to predict that the tract will be subdivided, sold and improved as quickly as any of the other projects handled by Mr. Mosenfelder. Reaping Sears Results. Attention will be attracted to the Thirtieth street tract, which will naturally lead to the development of one of the main arteries from this city to Rock river. Again, the deal shows the effect of the annexation of Sears on the prices of real estate.

The project is one of several now under consideration for the development of land south of Eighteenth avenue and made possible largely through prospective extension of urban facilities beyond Eighteenth avenue.

GIVE MEDALS TO LOCAL SHOOTERS

Trophies Earned Last Year by Mem-
bers of Company A Team Will be
Presented Monday.

Captain Edward Dunavin of Company A this morning received from the state officials at Springfield emblems of various degrees for the riflemen of his company. These medals are for the members of the company who met the qualifications last year and not for those who recently passed the tests at the local range. There has been some delay in getting the emblems.

The presentations will be made Monday evening at the armory by Captain Dunavin. The following men have passed through all the tests as riflemen and will receive emblems for marksmanship, sharp shooter and expert marksmen: Captain Dunavin, Second Lieutenant Moose and Privates Benson, Jones, Vroman and Gustafson. A number of other men will be presented with medals of one of the lower degrees.

Second Lieutenant Guy Moose is happy today over the report that he has passed the examinations which he took last week when the 6th regiment examiners were here. He will now receive his commission.

The final selection for the local rifle team which will compete in the regiment shoot Aug. 15 has not been made as yet but it is almost certain that the choice will be made from the following men: Moose, Jones, Woodin, Benson, Campbell, Kahle and Bos. Captain Dunavin will not shoot on the local team but will compete in the trials for the regiment team. He should have no trouble in securing a position among the sixth regiment riflemen, as he has been a member of the team consecutively since 1907, and in all those years he has never finished lower

er.

Chas. Loeser, Prop.

than third in the elimination trials for the selection of the team, while for four years he was high man. The state shoot is set for Sept. 1, Labor day, in Chicago.

JOHN BARLEYCORN IS HIT BY BOARD

Salvage Officials Adopt Ordinance Which
Prohibits Sale of Liquor—Im-
provement Planned.

An ordinance prohibiting the sale of intoxicating liquors in the village of Silvis was passed at a meeting of the board last evening. An appropriation ordinance calling for an expenditure of \$15,000 was also approved.

Appropriation ordinance of last year provided for the spending of \$17,000. Not to be outdone by East Moline or other cities the village board adopted a traffic ordinance. Decision was reached to open Nineteenth street from Second to Third avenues. Construction of a new water reservoir was discussed. Definite action in regard to the proposed project was not taken.

DAVENPORT NEGRO IS STABBED BY A WHITE

Eugene Green, colored, moving contractor, who resides at 316 West Fifth street, Davenport, was perhaps fatally stabbed in a fight with a white man named D. F. Drex, who is being held by the police pending the outcome of Green's injuries. The blade of the knife entered Green's side a few inches below the left arm pit and penetrated the lung.

According to Green, Drex owed him a sum of money for work he met Drex at Third and Ripley last night and asked him to pay the bill. Drex flashed a pile of notes in Green's face, telling him that he had lots of money but that Green would get none of it. An argument ensued in which Green was cut.

PERSONAL POINTS

M. J. McGuire of Joliet was in the city for a short time today and left for St. Paul on the steamer Quincy.

Colonel T. H. Brown of Sioux Falls, Iowa, was in the city yesterday to attend the funeral of Hon. E. W. Hurst.

Louis Syberkrop, Des Moines, Iowa, is in the city for a short visit with his daughter Frances Slack, 1303 Third avenue.

Mr. and Mrs. H. Bestian of rural route No. 3, Milan, are the parents of a daughter, who is to be known as Ruth.

Mrs. Bessie Allen has returned to her home in this city after a visit with her mother, Mrs. Agnes Kendall of Menomouth.

Mrs. W. L. Gansert and son, lies, 807 Twenty-second street, departed at noon today for a month's sojourn at Lake Delavan, Wis.

Mrs. E. M. Stanton has returned to her home in Chicago after a two weeks' visit with her mother, Mrs. Mary Newton, 286 Ninth avenue.

James C. Dunn, for 23 years in the employ of the United States engineers' office in this city, departed this morning for San Francisco, where he will take up his duties in the third engineering district.

Colonel George C. Rankin returned to his home in Monmouth this morning after attending the funeral of Hon. E. W. Hurst yesterday. Colonel Rankin was in the state legislature at the time of Mr. Hurst's incumbency and had been an intimate friend for years.

John M. Hawes, the son of Majors and Mrs. Charles W. Hawes, 2900 Eighteenth avenue, has just finished his second year at Lake Forest college with an excellent record for scholarship. His name will appear in the forthcoming catalogue in the honor list for the class of 1917; that is, he is one of the seven holding the highest rank in that class.

Mrs. P. Ward and four children of Belle Plaine, Iowa, have been guests for the past week at the home of Mr. and Mrs. Edward Nance, 1321 Thirtieth street. Mrs. Ward is a sister of Mr. Nance's, and has not been in Rock Island for a long time. She intends to stay for two or three weeks, and expects to see many of the places of interest in this locality before returning home.

HOLDUP STORY FAILS TO IMPRESS POLICE

Axel Swanson, 1020 Railroad avenue, Moline, when arraigned before Magistrate Frank Gustafson this morning, charged that he was last night made the victim of an attempted hold-up. The Moline police were called at 11:45 last night to Third avenue and Sixteenth street and found Swanson and James Kokovas staging a beautiful rough and tumble fight.

Kokovas charged that Swanson struck him and Swanson asserted that he struck Kokovas because the latter tried to hold him up. According to the police both men had been drinking, so both were taken to the station. After hearing the evidence the magistrate assessed each defendant \$2.50 for disorderly conduct.

THREE CASES TRIED BEFORE MAGISTRATE

Three cases were tried in police court this afternoon. C. Carter, Davenport, arrested by Officer Ristau on a charge of speeding, paid \$5 and costs. James McAllister was sent to the county jail for five days because unable to pay a fine of \$25 and costs for disorderly conduct. He was arrested because he had two pairs of new trousers in his arms and could not account for their ownership. Ed Hewitt, arrested for being drunk, paid \$3 and costs.

HIS TEMPER ADDS \$15 TO HIS FINE

Jitbus Driver Abuses Officer Who Ar-
rests Him While Case Is In
Police Court.

IS IMMEDIATELY REARRESTED

Charged With Disorderly Conduct, He
Is Assessed \$10 and Costs,
Which He Pays.

Bruno Lambrecht's temper cost him about \$15 in police court last evening and he dug 25 simoleans out of his jeans before he went forth from the station a free man.

Lambrecht operates a jitney bus between Rock Island and Moline. Motorcycle Officer Walter Flanigan picked him up late in the afternoon on a charge of speeding and he was taken to the police station, where he was later arraigned before Police Magistrate C. J. Smith.

Lambrecht told his story after Flanigan had testified. Police Magistrate Smith thought that Flanigan had the goods on the jit driver and accordingly fined him \$5 and costs. Lambrecht immediately gave vent to his feelings, heaping abuse upon the officer.

Night Captain Kittelsen appeared in the court, and, hearing the noise, he rearrested Lambrecht on a charge of disorderly conduct. It is needless to say that the magistrate took "judicial notice" of the jit driver's actions, with the result that he was fined \$10 and costs on the second charge. In all the fines and costs amounted to \$25.

Held for Larceny. Ed Davis was trying to sell two auto inner tubes when he was picked up by Officer Fred Gruby. He was unable to give a good account of where he secured the property, the police say, and this morning he was arraigned before the magistrate on a charge of larceny. The case was continued until July 31, while the police in the meantime investigate the case. Bonds were fixed at \$500, but Davis was unable to provide them and was taken to the county jail.

Henry Cover was arrested by Officer Gruby on a charge of disorderly conduct. Mrs. Cover preferred the complaint, claiming that her husband conducted himself improperly. He was fined \$3 and costs, which he paid.

Amanda Griffith, colored, was nabbed last evening by Detective Herman Schnert. She was tried on a charge of disorderly conduct and sent to the county jail for 10 days in default of a fine of \$50 and costs.

FINAL RITES HELD FOR MRS. JACKSON

Remains Interred at Chippianook
After Private Services at the
Residence.

The remains of Mrs. Jennie E. Jackson, wife of William Jackson, were interred in Chippianook cemetery this afternoon after a beautiful funeral service had been observed at the home, 824 Twenty-second street, at 4 o'clock. The services were private and relatives and close friends bowed their heads in sorrow as a final earthly tribute to one of Rock Island's noblest women.

The service was in charge of Rev. O. T. Dwinell of the First Methodist church and he was assisted by Dr. W. S. Marquis, former pastor of Broadway Presbyterian church. Their words of praise and appreciation of the life of Mrs. Jackson were peculiarly fitting. During the service Mrs. A. E. Williams and Mrs. Gertrude Carse-Applequist sang, the selections being "Asleep in Jesus," "God in Love" and "Nearer My God to Thee." The bearers were J. T. Nofske, C. L. Walker, W. J. Sweeney, P. Greenwalt, H. H. Cleveland and James McNamara.

She is survived by her father, Frank J. Oaks, one sister, Edith, and a brother, James, all of Philadelphia; two uncles, John Britton and George Britton, both of this city, and her grandparents, Mr. and Mrs. Charles Britton. The funeral will be held Monday morning at 9 o'clock at Sacred Heart church, with Father C. P. O'Neill officiating. Interment will take place in Calvary cemetery.

Funeral of Mrs. Johnson. Funeral of Mrs. Frank Johnson was held from the home of Mr. Johnson's mother, 1024 Eighteenth avenue, Moline, yesterday afternoon. The Rev. A. F. Bergstrom of the Swedish Lutheran church officiated and burial was in Riverside cemetery. Mass was furnished by a quartet consisting of the Misses Hannah Kneeborn and Myrtle Nelson; Mrs. Oscar Anderson and Mrs. J. A. Blomberg. Pallbearers were Oscar Larson, Gust Larson, Carl Berggren, Theodore Berggren, Carl Erickson and Frank Holm.

URGES COTTON BE HELD CONTRABAND

British Press Protests Against the In-
action of the Government on the
Question.

London, July 24.—The Times and the Daily Mail again today urge the government to declare cotton contraband and to undertake the scheme for the purchase of the textile as outlined by the Times yesterday. This plan contemplated the purchase by the government from the southern cotton exchanges of the amount of cotton that would normally have gone to Germany and Austria-Hungary and also of the cotton exports to Holland, Denmark, Norway, Sweden and Switzerland, at the same time declaring cotton absolute contraband.

The Daily Graphic also complains of the inaction of the government on this question and says the matter is becoming a grave danger to the country as, unless something is done before the new cotton crop is available, Germany will be able to get all the cotton she requires.

The Daily Mail in an editorial says: "It will be a gross public scandal if this matter is not dealt with before parliament rises, to save our soldiers." The Times in an editorial dealing with the position of the United States generally, refers to President Wilson's third note to Germany and declares that it "seems likely that Wilhelm Strasse will again take refuge in the evasive and dilatory tactics hitherto employed there."

The newspaper adds that there is a limit to the successful employment of,

such maneuvers and declares Germany is presuming on American patience and pacifism as she presumed on British patience and pacifism last year.

The editorial protests against Washington's intimation to Great Britain that American rights will be insisted on under the principles of international law as hitherto established as being a manifestly excessive claim and not in accordance with the example set by the American government and American courts during the American Civil war. The Times concludes by expressing the hope that when the British government's decision on this point is taken, the United States will give it sympathetic and friendly consideration.

In another article dealing with the disaffection in Lancashire through the action of the government in placing restrictions on the shipment of cotton yarns to neutral countries, the Times says:

"Rightly or wrongly, the government believes cloth suitable for air craft has been getting through to Germany, and undoubtedly a determined effort is now being made to stop the entry of any materials that are likely to assist the enemy."

DUNNE IS AMAZED AT RIVER TRAGEDY

Says the Steamer Eastland Could Not
Have Been Turned Over Except
By Overloading.

San Francisco, Cal., July 24.—Governor Dunne, here attending Illinois day exercises at the exposition, said:

"I know the Eastland and have ridden on her. It is a comparatively modern-built vessel and has been used in excursion travel. I cannot understand how such an accident could have happened in the heart of the city of Chicago, where there were no rough waters or wind. It can only have happened, in my judgment, by overloading the boat on one side. A thorough investigation should be ordered. I am much shocked at hearing the news."

David E. Shanahan, speaker of the Illinois house of representatives, said:

"It is a horrible occurrence. I am unable to express my sorrow." W. N. Pelouze, and other members of the Chicago party seemed stunned by the catastrophe.

"Good God!" said Mr. Pelouze, "what a dreadful thing this is."

OBITUARY

Mrs. Katherine McDonald. The remains of Mrs. Katherine C. McDonald sister of Mrs. Thomas Campbell of this city, will arrive in Rock Island tomorrow morning from San Bernardino, Cal., where her death occurred. Definite arrangements for the funeral have not as yet been made but it will probably be held Wednesday morning at the Campbell home.

Mrs. McDonald, whose husband's name is Samuel McDonald, was formerly a resident of this city, but they moved to Texas 18 years ago. She was nearly 50 years old at the time of her death. For the last 10 years the couple made their home in California. There are no children.

Loretta Mary Oaks. The death of Miss Loretta Mary Oaks, aged 17 years, occurred at the home of her grandparents, Mr. and Mrs. Charles H. Britton, 3505 Sixth avenue, at 2:40 o'clock yesterday afternoon. Her death followed an illness of six months and was caused by a complication of diseases.

She was born in Chicago March 7, 1898, but was brought to this city when a child and had since lived here with her grandparents. She was educated in the public schools of this city, and her pleasant smile and cheery voice made her popular among her schoolmates.

She is survived by her father, Frank J. Oaks, one sister, Edith, and a brother, James, all of Philadelphia; two uncles, John Britton and George Britton, both of this city, and her grandparents, Mr. and Mrs. Charles Britton.

The funeral will be held Monday morning at 9 o'clock at Sacred Heart church, with Father C. P. O'Neill officiating. Interment will take place in Calvary cemetery.

GALESBURG CLUB TO ASSIST IN MARKING

The Galesburg Rotary club has made arrangements to mark the road from that city to Rock Island. A committee which was appointed with meet with a like committee from the Rock Island Rotary club in the near future to determine the most feasible route. The local club will mark half of the road, and at a point where the two meet arrangements are being made for a big picnic to celebrate completion of the work. The Galesburg club will mark every fifth pole with a nine inch strip of blue and another of yellow. The Rotary colors. The letters R. I. and G. will be in black.

DIVORCE DEGREE IS GRANTED MRS. SMITH

Evidence was taken before Judge G. O. Dietz in Moline city court yesterday in the divorce proceedings instituted against Clifford Hardin, colored, proprietor of a Moline poolroom, by his wife. A continuance was finally taken until Monday afternoon.

Hardin was recently arrested by Moline police on a charge of disorderly conduct after he had violated a court order issued by Judge Dietz prohibiting him from going to his wife's home.

GOING AFTER FLY IN DEAD EARNEST

Detailed Plan of Campaign Mapped
Out at Mass Meeting Held at
the Y. M. C. A.

EDUCATION IS THE WATCHWORD

Buttons for Workers and a Grand
Cleanup and Swatting Week in
August Are Proposed.

The fly is doomed! A definite plan of campaign against the summer pest was outlined last evening at a mass meeting held at the Y. M. C. A. building and strategic maneuvers were formulated by the armed forces of sanitation. Rock Island will no longer be the blissful residence of Mr. and Mrs. Fly and their tribe of children as it has been in the past.

The special committee, of which R. C. Smedley is chairman, appointed to outline a plan of campaign, presented its report and it met with the hearty approval of those present. The suggestions were unanimously adopted. The campaign plan is to take up and continue the work already accomplished by the Woman's club as a foundation and then to proceed along three distinct but parallel lines.

An educational department, headed by E. O. Valle and Miss Minnie Martin, is to carry on the work of educating people as to the danger of allowing flies to live, and to seek to stir up public opinion to support all efforts made to get rid of flies.

Put Traps Downtown. A department to have charge of the work of killing flies by swatting, trapping, and every other means, is headed by Mrs. W. A. Darling and R. C. Smedley. This department will probably arrange for the manufacture or purchase of abundant supplies of traps or swatters for use throughout the city. Some monster traps are to be set up in prominent places downtown, to show how the work is done, and to advertise the campaign, as well as to catch flies.

Fly prevention will be looked after by a special department, with Mrs. H. E. Cox and L. H. Martin as its leaders. This department will proceed to direct the effort to clean up alleys and yards and all such places where flies find aid and comfort in the process of propagation. Manure boxes and garbage cans will receive earnest attention and it is hoped that future generations of flies will be prevented by the removal of all their convenient breeding places.

The finances of the campaign will be provided by the sale of buttons, to be worn by all who are willing to help fight the flies. Mrs. H. C. Casstetter and Mrs. T. P. Smettner are at the head of the committee to manage the sale of buttons, and they will endeavor to label all citizens with the emblem of the campaign, which will be a button.

A special week, early in August, will probably be designated a special clean-up and fly-swatting week, at which time all the efforts of the entire organization will be directed to the immediate reduction of the fly population to a minimum. The general executive committee in charge of the whole work is made up of Mrs. W. A. Darling, Mrs. H. E. Cox, Miss Minnie Martin, and Messrs. E. O. Valle, L. H. Martin and R. C. Smedley. A large number of people will be appointed to serve on the various committees so as to reach every part of the city.

Work Well Started. The whole campaign is to be based on the work which has already been done by the pure food and civic departments of the Woman's club. A broad foundation has been laid by the efforts of these club women, and the various lines of activity started by them will be continued and amplified under the new arrangement, which is designed to enlist the aid of many people and organizations outside of the club membership.

In order to set the work forward as rapidly and as effectively as possible, all citizens interested in seeing the campaign made successful should help by inspecting at once their own back yards and alleys, to see whether the garbage and manure receptacles are in good order, and conform to the requirements of the city ordinances. If everyone helps, for the good of the city, it will be no difficult task to clean up Rock Island in a thoroughly efficient manner.

GALESBURG CLUB TO ASSIST IN MARKING

The Galesburg Rotary club has made arrangements to mark the road from that city to Rock Island. A committee which was appointed with meet with a like committee from the Rock Island Rotary club in the near future to determine the most feasible route. The local club will mark half of the road, and at a point where the two meet arrangements are being made for a big picnic to celebrate completion of the work. The Galesburg club will mark every fifth pole with a nine inch strip of blue and another of yellow. The Rotary colors. The letters R. I. and G. will be in black.

DIVORCE DEGREE IS GRANTED MRS. SMITH

Evidence was taken before Judge G. O. Dietz in Moline city court yesterday in the divorce proceedings instituted against Clifford Hardin, colored, proprietor of a Moline poolroom, by his wife. A continuance was finally taken until Monday afternoon.

Hardin was recently arrested by Moline police on a charge of disorderly conduct after he had violated a court order issued by Judge Dietz prohibiting him from going to his wife's home.

During Vacation Days

The regular home routine often becomes badly disor-
ganized, and Clean Linen is sometimes at a pre-
mium.

In instances of this sort, just gather the soiled clothes into a bundle, then telephone—Davenport 85 We'll get on the job at once, and if necessary will render you twenty-four hour Service.

In case there is no one at home during the day, leave your bundle at a neighbor's, telephone us the neighbor's address and we will do the rest.

Remember Our Telephone Number.

And That Our Wagons Pass Your
Door Every Day

MANY INQUIRIES ABOUT EASTLAND

So Far as Is Known Nobody From
This City Was Aboard Ill-Fated
Vessel at Chicago.

News of the Eastland catastrophe at Chicago spread in Rock Island like wild-fire this morning and it was not long until inquiries began pouring into the Argus office asking for the latest news. While many of the calls came from those curious only because of the immensity of the loss of life, others were interested because of friends or relatives, whom they thought might have been on board the vessel at the time.

Some of those seeking information asked if certain names were given in the lists of those missing, and a record of these was kept in The Argus office and when the dispatches bearing the lists were received the two lists were compared.

Inquiry at the office of electrical contractors revealed that as far as known no electrical employees having worked in this city had gone to Chicago recently.

So far as was known at a late hour there were no Rock Islanders on the Eastland.

MEXICAN CAPITAL AT MERCY INDIANS

All Business Houses and Bake Shops
Closed and Even Will Do Are
Unable to Get Food.

Mexico City, July 19 (by courier to Vera Cruz).—The city is in the hands of a band of 200 Indians. Zapata forces in retreating have torn up the railroad to Cuernavaca and Toluca. All business houses and bake shops are closed and even the well-to-do find difficulty in buying food. The relief committee is unable to help and the lack of food is being keenly felt. There is no communication with the outside world except by courier.

The foregoing is the latest word to come out of Mexico City. It is later than any of the state department's official dispatches. It was sent one day after the Carranza forces evacuated the capital to go out to meet an approaching Villa column and although Zapata forces were reported to have re-occupied the city at that time, the reference to Zapata troops tearing up the railroad in retreat and the city being in the hands of a band of Indians may indicate that the main body of Zapata troops has again withdrawn or that the Indians are part of their force.

QUITS POSTOFFICE TO TAKE RAILROAD JOB

C. V. Greenwood, who has been postmaster at Sherrard for the past year and a half, has tendered his resignation to take effect as soon as the necessary transfer can be effected. Greenwood has accepted a position with the Burlington lines in Moline. There are two candidates for the vacancy.

MOLINERS INSPECT DAVENPORT PAVING

Streets in McClellan heights, Davenport, were yesterday afternoon inspected by a number of Moline property owners who are interested in the Glen Oaks paving project. The Moliners were conducted on their tour of inspection by A. F. Dawson, president of the First National bank, who is enthusiastic over the excellence of the material.

At the time the paving in McClellan heights was laid several engineers

were sent to Kansas City, Mo., where there are 90 miles of thoroughfare paved with asphalt and crushed rock. Report of the engineers was so satisfactory that it was at once decided by property owners in the heights district to insist on the same material.

Another trip will be made to McClellan heights Tuesday evening by a number of persons owning property in Glen Oaks and at that time a date will be set for a meeting of property owners for the purpose of forming an association, which will probably be designated as the Glen Oaks association.

DIVORCE EVIDENCE TAKEN BEFORE DIETZ

A divorce decree was granted Nettie Smith from her husband, Leonard Smith, by Judge G. O. Dietz in the Moline city court yesterday afternoon after evidence had been taken. Habitual intoxication and ill-treatment were grounds set forth why a divorce should be granted. Mrs. Smith asked for custody of the three children.

WALLS ARE RAPIDLY BEING TAKEN DOWN

Work on tearing down the wall around the old jail yard is being rapidly pushed. The roof on the shed to the east has been removed. This old building was once used as a barn at a time when it was necessary for the sheriff to keep horses.

LICENSED TO WED

Jesse G. Bealer, Cedar Valley, Iowa.
Miss Martha E. Williams Tipton, Iowa.
Harry Lifshitz, Rock Island.
Miss Rose Simelevy, Rock Island.
William E. Robinson, Moline.
Miss Mary Stall, Davenport.

GOVERNMENT ORDER FOR VESSEL INQUIRY

Washington, D. C., July 24.—Acting Secretary Sweet of the department of commerce, ordered the steamboat inspection service to investigate the Chicago disaster to determine whether there was any defect of construction or inspection of the steamer Eastland. The last annual inspection of the Eastland was made in St. Joseph, Mich., May 7, 1915. Steamboat inspectors from Detroit, Mich., which is the center of that government district, made the inspection. On July 6 a dry dock examination of the boat's hull was made by Captain Ira B. Mansfield and William Nicholas, local steamboat inspectors.

Turks in New Attack.

London, July 24, (5:04 p. m.)—Official announcement was made here today that the Turkish forces at the Dardanelles have made a new attack on the allies and have been repulsed.
